

JFC Academy Training
Spring 2020
For players born in 2012, 2013, 2014

Academy Purpose: The JFC Academy program will offer an avenue to those players that are seeking a higher level of training while working with the JFC recreational program and the professional JFC Academy Coaching staff.

Academy Overview JFC Academy Coaches will use the guided discovery method. The players will learn from the ball and the game itself. The Academy will provide a structured non-result based learning environment that will focus on developing a love for the game as well as individual technical skills. Players will take part in pressure free, fun practices that foster individual creativity. Healthy competition will be created in 1v1 and 2v2 and group game environments. The Academy program is seen as the best preparation for the step up to our Rec-Plus program when the player reaches the Under 9 and Under 10 age groups.

Season Ending Funfest: This fun event will take place on March 19 at the conclusion of Academy training for the season. This is a great opportunity for everyone to share and display their soccer abilities in a fun environment filled with fun games and competitions.
